

St. ANDREW's CHURCH OF ENGLAND PRIMARY SCHOOL

5 September 2025

Dear parents and carers

We have reviewed our maths homework over recent months and would like to thank those parents and carers who completed our questionnaires.

Maths homework will now consist of:

Year 1 & 2 One piece of MyMaths homework each week

Year 3 & 4 One piece of MyMaths homework each week and 20mins of Times Tables Rock Stars (TTRS) using the Garage questions each week

Year 5 & 6 Two pieces of MyMaths homework each week

Maths homework will be completed using MyMaths, an online learning tool, instead of MathShed. MyMaths can be used on Android and Apple devices, in addition to laptops and standalone computers. Over recent months, we have been informed by a some parents that MathShed had mismarked some questions and that the expectations of how to set answers out was varied.

Over the last few days, your child should have received a username and password which can be found in their planner to access MyMaths (only children in Y1-Y6) and TTRS (only children in Y3-Y6).

The MyMaths login card will have the school username and password, as well as your child's individual username and password, for access to their account, and TTRS (Y3-Y6) which will have your child's individual username and password.

Homework will be set each week and will need to be completed by Monday morning each week please. This is the same for all year groups from Y1-Y6. As a reward, children will receive one housepoint if their homework is completed on time.

The YouTube video link below demonstrates how to login to MyMaths and how to access the lesson and homework that teachers could set as well as use the website to play games and improve on previous lessons that have been taught.

There is also a lesson available for each piece of homework to support your child; this can be very useful if your child needs further explanations.

Please feel free to experiment with the programme and access the practice or games area.
