

St Andrew's Church of England Primary School
KSI Knowledge Organiser – Term 2: Computing: Digital Painting

Glossary of key words:

Vocabulary	Definition
app	A software package designed to be used on a mobile or desktop device.
fill tool	Used to fill an entire shape or area with a colour or pattern.
shape tool	Used to create a shape such as a square or rectangle.
undo	To remove or erase the last step or action.
image	A picture produced on an electronic display.
stored	Information kept digitally so that it can be accessed by a computer.

End of unit outcomes:

- How to use paint tools to draw a picture.
- How to use line and shape tools to create an image.
- How to change the colour and brush size I am using.
- How to use an app to recreate art in the style of Matisse, Kandinsky and Mondrian.
- How to explain which tools and colours I chose and why.
- How to say whether I prefer making art on a computer or using paper and explain why.

This unit's key ideas:

Piet Mondrian

Computers can be used to create art.

Different tools can be used to create different effects.

Henri Matisse
