St Andrew's Church of England Primary School

LKS2 Knowledge Organiser – Term 5 History – Woodhall and WW2

Outcomes
• Use scientific knowledge of the transference of forces to choose appropriate mechanisms for a product (such as levers, winding mechanisms, pulleys and gears).
• Design with purpose by identifying opportunities to design.
• Make products by working efficiently (such as by carefully selecting materials).
• Refine work and techniques as work progresses, continually evaluating the product design.
• Use software to design and represent product designs.
• Identify some of the great designers in all of the areas of study (including pioneers in horticultural techniques) to generate ideas for designs.
• Improve upon existing designs, giving reasons for choices.
• Disassemble products to understand how they work.

Officers' mess at the Petwood Hotel.

Appeasement

The Great Depression

Key vocabulary
appeasement: the act of giving the opposing side something that they have demanded in order to prevent further disagreement.
depression: a period in which businesses do not make much money and there are few jobs.
blitz: a fast violent attack on a town or city usually with bombs dropped from aircraft.
evacuee: someone who is moved away from a dangerous place, especially during a war.
breach: to make a hole in something during an attack
paratrooper: a soldier who is trained to drop
D Day: June 6th 1944. The day the Allies invaded France during the Second World War.
invasion: when an army uses force to take over a country.

The Blitz
