St Andrew's Church of England Primary School
Year 3/4 Knowledge Organiser – Autumn Term 2: D&T – Food and Nutrition – Design a cold drink

Vocabulary	Definition
appearance	The way that something looks.
consumer	A person who eats or uses something.
design criteria	A set of goals for an ideal product that must be met for a project to be successful.
evaluate	To make a judgement about something.
food hygiene	To keep tools and surfaces used in preparation clean.
preference	To have a strong liking for something. To like one thing more than another.
specification	A detailed plan or description of work to be completed.
texture	The feel of a surface or substance.

Outcomes: –

- Prepare ingredients hygienically using appropriate utensils.
- Measure ingredients to the nearest gram accurately.
- Follow a recipe.
- Assemble or cook ingredients (controlling the temperature of the oven or hob, if cooking).
- Design with purpose by identifying opportunities to design.
- Make products by working efficiently (such as by carefully selecting materials).
- Refine work and techniques as work progresses, continually evaluating the product design.
- Use software to design and represent product designs.
- Take inspiration from design throughout history.
- Improve upon existing designs, giving reasons for choices.

Designing and making a cold drink to our consumer's specification by preparing food hygienically and using utensils carefully.
